

# Canyoning

learnlink™

## About the activity

This exhilarating expedition takes you walking, scrambling, swimming and hiking through ravines, rivers and plunge pools, on a journey of a lifetime.

## Activity aims

### The aim of this activity is to:

- Introduce the skill of canyoning and the necessary equipment.
- Allow each participant to experience canyoning.
- Encourage the participants to set goals.
- Ensure participants support and encourage each other to achieve those goals.
- Provide an opportunity for participants to discuss what they have accomplished.

## Progression opportunities

### Some participants may also:

- Improve the quality and consistency of their scrambling, swimming and hiking techniques.
- Take the initiative in evaluating their performance and that of the group.

### In addition, participants should also have developed in the following:

- Interpersonal communication
- Teamwork
- Using initiative

## Learning outcomes

### Upon completion of the activity, participants will have:

- Demonstrated an ability to travel through a canyon using approved techniques to descend and ascend the terrain safely under supervision.
- Used specialist equipment and PPE, understanding its purpose and name.
- Demonstrated the ability to listen to, understand and act on instructions received.
- Supported their peers throughout the activity and recognised achievements.
- Developed an understanding of associated hazards, been able to assess risks and understood how these may be controlled. .
- Contributed to a post-activity review led by the instructor identifying what they did well and then suggested ways to improve.
