# Risk Assessment - Château du Tertre

## Fire

### **Certificate held?**

Conforms to local regulations and inspected by the Commission de Sécurité.

### **Fire Officers advice sought and implemented?**

Yes.

### **Rooms lockable?**

All dormitories are lockable and Party Leader holds main key.

### **External doors locked at night?**

Yes. (see note 1)

### **Every adult to wear identity pass at all times?**

Yes. (see note 1)

### **Control measures ensure adequate lighting of all walkways after dark?**

Yes.

### **Are there any specific hazards identified in the risk assessment programme ? If so, detail.**

Steps at rear of bar / tuckshop area can be slippery when wet. (see note 1)

### **Are all utility installations subject to inspection?**

Yes, annually by local authorities.

### **Are there any specific Traffic Hazards noted in the risk assessment programme? If so, detail.**

Access to centre main entrance, guests warned, staff monitor, low risk. Care taken with right-hand drive traffic. (see note 1)

### **Are the out-of-bounds areas appropriately identified? If so, detail.**

Centre boundaries are clearly defined. Guests advised of this. (see note 1)

### **Are there any integral transport issues evident from the risk assessment programme?**

Group collection points for excursions, low risk due to staff control.

### **Insert detail of fire drill procedure.**

Complete evacuation every seven days, each new intake has a walk through explanation. (see note 1)

### **Is there an emergency action plan in place, that has been rehearsed?**

Yes.

An introductory site tour highlights all relevant hazards to the guests. These hazards are constantly monitored while guests are on site. As a result of this control measure, the risk level is low in all areas noted.
