

MOBILE DEVICE DECLARATION FORM

for unaccompanied children at PGL

The decision to bring a mobile device to PGL is down to you as a parent/guardian and your trust in your child's ability to use it responsibly and without causing harm or disturbance to others. If you are unsure if your child is able to use their phone or device responsibly then we recommend that they leave it at home.

Parent/Guardian Declaration:

I confirm that my child has a mobile phone, tablet or device in their possession, and they understand and agree to the PGL Mobile Devices Policy.

I understand it is my responsibility to clearly identify any mobile devices and chargers with my child's name and booking reference.

I have appropriate insurance to cover for loss or any damage to devices during my child's stay.

I understand that my child will only have access to their device during permitted times, outside of which PGL will store the device securely.

Child Responsibilities

By bringing a mobile device to PGL, your child agrees to:

Hand in their devices when asked by a member of the PGL team.

Never use their device during restricted periods or in restricted areas.

Always ask permission before taking photos of PGL colleagues and other guests.

Never store or share inappropriate content on their devices.

Be kind to others and never send abusive, threatening or unkind messages or anything else that could be viewed as bullying. This could include sharing messages with others who might join bullying.

Respect the property of others, including taking, damaging or playing 'pranks' with a device belonging to someone else.

Tell a PGL colleague or use the 'chatterbox' system if they are concerned that other children are not acting within our guidelines, if they are being bullied or witness bullying, or are being affected in any way by the use of a mobile device.

We will take action if devices are being used inappropriately. Anyone found to be using a device in an unauthorised manner will be dealt with in line with our Behavioural Management System.
