Evening Entertainment

Every evening while your group is on centre, your Group Leader will run an 'ent' of your choice. This will last for an hour from 7.30pm until 8.30pm. To assist you in choosing the ents which suit your group's needs, please refer to the list below and let us know your preferences during the Teacher Talk when you arrive. The list is not comprehensive, so if you have any other ideas or would like an ent to run differently, please speak to your Group Leader and we'll do our best to accommodate.

A PGL team member will lead each session. Please ensure there is at least one supervising adult from your group present to support your on-site evening entertainment programme and at least two supervising adults per coach for off-site activities. All activities are suitable for large or small groups unless otherwise stated.

Trip to Vallon or Goudargues

Vallon

The local town of Vallon Pont d'Arc is a small, traditional French town full of souvenir shops, restaurants and ice cream! Groups split into smaller groups to explore the town on foot. This gives them some free time to discover French culture and practise their French language skills.

The local town of Goudargues is a small, traditional French town full of cafés, restaurants and souvenir shops. The Town Trail activity involves the group splitting into smaller groups and answering questions as they walk around the town. Splash!

This ent is a take on the old game show 50/50. It consists of several little challenges which will either require volunteers or the entire team to complete. Challenges can be anything from peeling an orange without using your hands to making up a rap about penguins. The teams then need to use this equipment to build a carrier to protect a water balloon. Great for problem solving, teamwork and communication.

Suitable for:
